

Dear Colleague

Welcome to the first Advances in Minimally Invasive Techniques in Urology, an exciting and interactive symposium dedicated to live surgeries and new innovations.

Minimally invasive techniques are gaining momentum for the management of both benign and malignant conditions. We shall demonstrate the latest advancements in cryoablation for treating prostate and renal cancer and laser technologies for BPH.

We look forward to your participation and are confident that the symposium will benefit and broaden your professional experience with minimally invasive cryotherapy and laser techniques.

Hervé Baumert, MD
Meeting Organiser
Head of the department of Urology
Paris Saint Joseph Hospital Trust

FACULTY MEMBERS

Dr Tev Aho: Cambridge/United Kingdom
Dr Hervé Baumert: Paris/France
Prof John G Baust: Binghamton, NY/United States
Dr Shmuel Cytron: Ashkelon/Israel
Prof Jean De La Rosette: Amsterdam/Netherlands
Dr Olivier Dumonceau: Paris/ France
Prof Damian Greene: Sunderland/United Kingdom
Mr Derek Jerome: London/United Kingdom
Dr Pilar Laguna: Amsterdam/Netherlands
Dr Stefano Mattioli: Milan/ Italy
Dr Vincent Molinié: Paris/France
Mr Heinrich-Otto Teichmann: Katlenburg-Lindau/Germany

Advances in Minimally Invasive Techniques in Urology

Saturday 1st September 2007

CME Accredited

09.00 - 09.10	Welcome/ Introductions and course objectives Dr Hervé Baumert Prof Jean De La Rosette Prof Bernard Malavaud	13.30 - 13.50	Laser - Tissue - Interaction Heinrich-Otto Teichmann
09.10 - 09.30	Cryobiology-latest data Prof John G. Baust	13.50 - 15.30	LIVE SURGERY Two Micron cw Laser vaporesction of prostate Dr Hervé Baumert Two Micron cw Laser enucleation of prostate Dr Tev Aho
09.30 - 11.00	LIVE SURGERY (moderated in the OR by Prof D Greene & Dr P Laguna) Renal Cryotherapy Dr Hervé Baumert Prostate Cryotherapy Dr Shmuel Cytron	15.30 - 15.45	Coffee Break
11.00 - 11.10	Coffee/Tea	15.45 - 16.00	Pathological analysis after vaporesction Dr Vincent Molinié
11.10 - 11.30	Tools for Cryotherapy New Presice Software Derek Jerome	16.00 - 16.15	LIVE SURGERY Two Micron cw Laser vaporisation of BPH Dr Olivier Dumonceau
11.30 - 11.50	Renal Cryotherapy- - Publication Review - Patient Selection - Results and Complications Dr Pilar Laguna	16.15 - 16.30	Two Micron cw Laser vaporisation and resection of BPH with Thullium Laser - Publication Review - Patient Selection - Results and Complications Dr Stefano Mattioli
11.50 - 12.20	Prostate Cryotherapy- - Publication Review - Patient Selection - Results and Complications Prof Damian Greene	16.30 - 16.45	Laser enucleation of prostate - Publication Review - Patient Selection - Results and Complications Dr Tev Aho
12.20 - 12.30	Wrap up and close Prof Jean De La Rosette Prof Bernard Malavaud	16.45 - 17.00	Wrap up and close Prof Jean De La Rosette Prof Bernard Malavaud Dr Hervé Baumert
12.30 - 13.30	Lunch
